

AAX_LittleEndianNativeSwap

```
graph LR; A[AAX_LittleEndianNativeSwap] --> B[AAX_LittleEndianNativeSwap InPlace];
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'AAX_LittleEndianNativeSwap'. The right box is gray with a black border and contains the text 'AAX_LittleEndianNativeSwap' on the top line and 'InPlace' on the bottom line.
