The diagram illustrates a mapping from two distinct function names to a single target function. On the left, two white rectangular boxes with black borders contain the function names 'AAX::GetRPDFWithAmplitudeOne' and 'AAX::GetRPDFWithAmplitudeOneHalf'. On the right, a gray rectangular box contains the target function name 'AAX::GetInt32RPDF'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both functions are implemented by or mapped to the 'AAX::GetInt32RPDF' function.
