

AAX\_CMonolithicParameters  
::UpdateParameterNormalizedValue

```
graph LR; A["AAX_CMonolithicParameters  
::UpdateParameterNormalizedValue"] --> B["AAX_CEffectParameters  
::UpdateParameterNormalizedValue"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'AAX\_CMonolithicParameters' followed by '::UpdateParameterNormalizedValue' on the next line. The right box is gray with a black border and contains the text 'AAX\_CEffectParameters' followed by '::UpdateParameterNormalizedValue' on the next line. The arrow is a solid blue line with a triangular head pointing towards the right box.
