

AAX\_ITransport

```
graph BT; AAX_VTransport --> AAX_ITransport
```

The diagram illustrates a class inheritance relationship. At the top is a gray rectangular box labeled 'AAX\_ITransport'. Below it is a white rectangular box labeled 'AAX\_VTransport'. A blue arrow points vertically from the top of the 'AAX\_VTransport' box to the bottom of the 'AAX\_ITransport' box, indicating that 'AAX\_VTransport' inherits from 'AAX\_ITransport'.
