

AAX::FilterDenormals

```
graph LR; A[AAX::FilterDenormals] --> B[AAX::fabsf]; B --> C[AAX::fabs]
```

The diagram illustrates a three-step process flow. It begins with a gray rectangular box containing the text 'AAX::FilterDenormals'. A blue arrow points from this box to a white rectangular box containing 'AAX::fabsf'. Another blue arrow points from the 'AAX::fabsf' box to a final white rectangular box containing 'AAX::fabs'. All boxes have a thin black border.
