

AAX\_IEffectDescriptor

```
graph BT; AAX_VEffectDescriptor --> AAX_IEffectDescriptor
```

The diagram illustrates an inheritance relationship between two classes. At the bottom is a white box labeled 'AAX\_VEffectDescriptor'. A blue arrow points vertically upwards from this box to a gray box at the top labeled 'AAX\_IEffectDescriptor'. This indicates that 'AAX\_VEffectDescriptor' inherits from 'AAX\_IEffectDescriptor'.
