

AAX_IHostServices

```
graph BT; AAX_VHostServices --> AAX_IHostServices
```

The diagram illustrates an inheritance relationship between two classes. At the bottom is a white box labeled 'AAX_VHostServices'. A blue arrow points vertically upwards from this box to a gray box at the top labeled 'AAX_IHostServices'. This indicates that 'AAX_VHostServices' inherits from 'AAX_IHostServices'.
